

Calculus I
Weekly Project

Name : _____

Please write a minimum 1-page paper that discusses one of the following topics:

- Your experience in Mathematics Education (not your life story, but what you have experienced)
- Whether or not Mathematics is an art and why
- Is a standardized curriculum important and your reasoning

The paper should be double spaced, twelve point, Times New Roman font. You should have a header at the top that has your name, the due date, and the assignment (Weekly Project #3).

This will be due by 11:59pm on Sunday, September 22nd.

This assignment will count as 3pts to the Test category.
